Gamma

Machine Types: 1. Continuous JS10000
2. Incremental JS10000

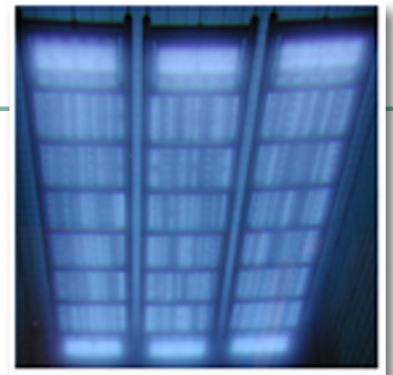

Carrier Dimensions: 25" x 42" x 72"

Actual dimensions are provided. Usable dimensions may vary depending on product, packaging and/or dose range.

GammaExpress®

Our GammaExpress processing option uses dosimetric release, enabling products to be shipped immediately after processing. Our two expedited options ensure your product will go from receipt to outbound shipping in either 24 or 48 hours, or less.
